By combining knowledge of your language needs and learning style with language input and practice our tutors will not only improve your ability but your confidence as well.

Work Placements

In partnership with Professionals UK, we are able to offer unpaid work placement positions to students who complete language courses at the school. These placements can last between 4 weeks and 6 months and be in areas such as architecture, fashion, administration and advertising. A work placement can provide valuable experience in your field in an English-speaking environment and is a real strength on your CV.
